ABOUT SUGNA

PARGI PLANT

A very few companies in India possess the deep industry knowledge and client satisfaction abilities and SUGNA METALS LTD. is one amongst them. Sugna Metals Ltd. was floated by our dynamic Chairman, Mr. Bharat Kumar Agarwal, who is highly experienced in the steel sector since 1980.

SYMBOL OF STRENGTH

CHAIRMAN AND MD'S NOTE

Mr. Bharat Agarwal
Chairman

Sugna Metals limited started its journey in the year 2008 from its Pargi plant from one induction furnace with a very basic amount of Rs. 100 Crore today we are doing an annual business of Rs. 1800 Crore contributing around 20% to the total market supply.

Mr. Mudit Sonthalia
Managing Director

We completely believe that our 100% achievement lies in customer satisfaction and making our brand stand on top of the best companies list and we not only deliver the best quality products but also the best service to our esteemed customers to build long lasting relationships

Company Services

WHY CHOOSE SUGNA

At Sugna TMT, we are a customer-centric steel company, and meeting the requirements of our customers is our utmost priority.

We have an army of highly skilled and experienced engineers, technicians, and workmen

who work together to produce the finest quality TMT steel for our clients.

Sugna Metals Limited is one of the largest manufacturers in the state of Telangana and has emerged as a market leader.

SUGNATMT

Cost Efficient

Sugna offers an elaborate lineup of products meant to suit the needs of its customers across various industries, matching up to their need and cost-effective pricing.

Quality

We use exceptional quality raw materials like iron-ore from National Mineral Development Corporation. Coal that is procured from the African mines.

Service

We always thrive to upgrade ourselves to reach our customer expectations with our best products & services with high commitment.
